

**University League Presents a lecture
by Stanley Temple
“*Aldo Leopold, Phenology, and Climate Change*”
at its Luncheon and Annual Meeting**

When: Tuesday, May 10, 2022, 11:00 A.M.

Where: Maple Bluff Country Club, 500 Kensington Drive, Madison

Cost: Luncheon and Lecture = \$30

Registration required; Deadline to Register: Tuesday, May 3

Professor Stanley Temple has followed in the footsteps of Aldo Leopold, “the father of wildlife ecology,” and the author of *A Sand County Almanac*. Temple will describe how Leopold’s meticulous daily recording of the timing of seasonal events – when plants bloomed, birds migrated, and other natural events – help us understand how climate change is affecting the ecological community.

For 32 years Stanley Temple held the academic position once occupied by Aldo Leopold, and he and his students have helped save many of the world’s endangered species and the habitats on which they depend.

Please visit univleague.wisc.edu/programs/ to register and for more details and updates. **Non-members are welcome, and we welcome new members**
